

4's Class Introduction

Welcome to the fours class! We are so excited to learn and grow with you this year! We will be encountering many academic topics during our circle time as well as during table instruction time throughout the school year. We also like to incorporate many different social-emotional growth opportunities for your children. We allow for a lot of cooperative play time to enhance peer to peer interaction as well as encouraging independence and self-reliance when possible to give your child the necessary tools to be successful in and outside of the classroom. Our weekly newsletter is updated and posted every Thursday. Keep an eye out for information on what your child's week at school will look like as well as any preschool updates! We would like each child to bring in a photo of their family to put up on our family bulletin board, a 4x6 sized photo will work just fine!

A little about your teachers:

Miss Mackenzie- This is my second-year teaching, my love of education and dream of becoming a teacher began in my 7th grade year. I attended Lodi High where I was enrolled in the APPLE academy. Upon my graduation I attended CRC in Elk Grove to continue my education in ECE and to obtain my preschool teaching certificate. My favorite part about teaching is learning alongside the children and laughing at all of the silly things they do and say.

Miss Stephanie- This is my first year at St. Peter. I am a Nana to 3 beautiful grandchildren, two of which will also attend St. Peter. I received my B.A. in Liberal Studies from CSU Fresno and Early Childhood Education units from Delta College. I enjoy hiking, reading and the beach. I enjoy teaching for many reasons but especially when I see "the light" go on. When a child has learned a new skill or is on their way to learning it brings me joy. I also enjoy learning more about myself from them and using that knowledge to be a better teacher.

Classroom Donation Wishlist

*The preschool asks that each child bring in 3 boxes of Kleenex to use during allergy as well as the winter season to ensure we stay healthy and safe this school year. *
